

## Belgian 2 euro commemorative coins, “not packed” in official mint rolls

The Royal Mint of Belgium receives on a regular basis remarks of coin collectors or other members of the public that they come across 2 euro coins in official coin rolls whereas these coins were not produced in official mint rolls by the Royal Mint of Belgium. Often these mint rolls are put up for sale at prices far above the nominal value of the coins.

In the table below we present all the 2 euro coins issued by the Royal Mint of Belgium that were **NOT produced** in **OFFICIAL MINT ROLLS**.

The Royal Mint of Belgium emphasizes that official Mint rolls containing 2 euro coins that are listed in the table below were not produced in the work places of the Royal Mint of Belgium. Therefore the Royal Mint of Belgium can not confirm that these mint rolls contain 25 identical coins of 2 euro.
